Subject No to the Site

Hello,

With regards to your letter dated 11th April 2007, reference number *07/00393/FULL, I am totally opposed to the idea of the gypsy site in the area, once we let one Site open up more will follow and before we know it Pitsea and Vange will be the capital of carvan city. House and Flat prices will crumble and crime will increase, these people are not goverened so for all we know they could be a band of Peodo's. In short I think we should strongly say no to the proposed site. If they want planning permission for a long term home, tell them to buy a house or flat and get real jobs like the rest of us, I don't care if that sounds harsh I am sure everyone else in the area feels the same and will word their respones with more anger than me.

Gypsy's and their Sites should be long gone by now, how can we support / pay for andf help out, when they don't pay tax, and don't help out in any way?

It's crazyll

Regards

Daniel Pearce

Dear Mrs Madam,

My husband and myself
wish to complain most strongly re-
a site planned for a Gypsy
Caravan site, on the Old North
of Terminus Drive Pitsea.

We the Residents of Lange
near Pathway to Pitsea Station
through this Area.

A great Number of
People travelling to Senechurch
Street Station, use this Path
each day.

USED BY TRAVELLERS BEFORE

29th

Earlier years when

the lorry illegally encamped
on this ground, my husband
was attacked twice on way
to the Station by their dogs.
Do hope you can help
in this matter.

Yours Faithfully,
Joanna Baxter (Mrs)
